RETURN RECEIPT REQUESTED

Dear Bill and Preston,

Again I am disappointed that you have not repaired the Forest/BLM boundary fence at Lynn Springs as you had promised me. You said it would all be done by June 28. That fence is very necessary to keep cattle in the correct pastures. So far I have received two phone calls from local ranchers, complaining about your lack of corrective action. Your lack of making the necessary repairs is harming other National Forest users.

You have violated the terms of your Special Use Permit at Lynn Springs by not making the fence repairs as directed. As of the receipt of this letter you will not be allowed to remove any more stone from the Lynn Springs quarry. You will repair the Forest/BLM boundary fence as directed in my June 20, 1995 letter. These repairs will be completed by July 13, 1995 or the Government will make the fence repairs and bill you for the cost plus other administrative charges. The Government will repair the fence at its original location, the Forest BLM boundary.

By phone call to your office it was agreed that you both would meet with Pete and me on July 21 to discuss why the Lynn Springs Special Use Permit should not be canceled. You were to call me with a meeting time, to date I have not been contacted. If I do not receive a time from you before July 14 I will assume that you are not interested in the Lynn Springs Special Use and will cancel the permit.

Sincerely,

Gordon Struthers
Acting District Ranger
